

## **Match Report Round 6 (HWAFC Integrated Game 3) 14 May 2016**

High Wycombe 6:8 vs CBC Gold 2:5 at Morris Buzzacott Reserve

It was a good team performance and a solid win. Especially after the shock and disappointment of losing our captain Tristan to a dislocated knee in the warm up, before the game had even started and then seeing him stretchered off and taken away in an ambulance. Thanks to Mr Sheeds and to Michelle and Michaela for helping to get him sorted while waiting for the ambulance.

Our focus this week was to have fun and enjoy the game. Most of us were able to do that this week. This will be something that we continue to work on for the rest of the season. The match day captain this week was Matthew Safe.

We started well with a quick goal but then tended to rush and not make the most of our scoring opportunities. We led at quarter time but CBC Gold had a good second quarter and they were in front at half time. Fortunately, we were able to settle and played a good second half to finish with the win. There were some good link ups between Robbie and Shannon in the second half giving us drive down the ground with Graeme and Justin providing targets up forward and Eddie and Lue solid in defense.

The bench and managing eight reserves is still a challenge but we are doing our best to rotate and give everyone a go. Congratulations to Shannon McKinley on his first game for the club.

Goal scorers: Justin 3, Graeme 2, Shannon 1
